

Alpha Study Centre

# Year 5 Summer Intensive Programme

5 Aug – 23 Aug 2024 (3 weeks)

Dear parents,

Alpha Study Centre's Summer Intensive Programme will be taught by a team of tutors with years of experience preparing students for 11+ exams. This is a great opportunity for students to hone their skills and identify weak spots. The Summer Intensive Course has been running since 2014 and in that time we have helped hundreds of children gain places in independent and grammar schools.

Please contact us by **21 June 2024** to register your interest. Demand is usually very high and places are limited so book early to avoid disappointment.

We are offering two options: You can either attend the intense programme online from your house or you can attend in person at our centre in New Malden. Please note: we are not offering a blended course; although the online and offline programmes cover the same material, they are separate courses taught by different tutors.

**We will be closed between 20 Jul and 4 Aug before Summer Holiday Courses.**

# 2024 Summer Intensive Programme | Our Classes

## 5 Aug – 23 Aug 2024 (3 weeks)

**English Comprehension classes** will provide high-quality training and practice in a wide range of comprehension skills in a stimulating and enjoyable environment. Using a curriculum designed to challenge and engage students, we build on students' existing knowledge and skills, expanding and developing them to ensure they are prepared for the 11+ test.

**English Writing classes** will be run by tutors with extensive teaching experience. We will work on writing in timed conditions and practise implementing literary techniques in a variety of fiction and non-fiction forms. Our tutors will provide detailed individual feedback so that our students can grow and develop as writers.

**M2 Maths class** specialises in dealing with and tackling math problem solving questions and mathematical comprehension skills! Our highly experienced tutors and our in-house materials will cover a broad spectrum of questions designed to walk students through the complexities of multi-stepped questions and through hands on teaching, take them through the in-and-outs of how to approach and tackle these kinds of demanding questions!

We don't believe in struggling alone so our M2 classes are designed to build up our students collectively; with small group problem based learning, interactive group work and peer review based learning.

**M1 Maths classes** delivers comprehensive and detailed practice in numeracy, algebra and all KS2 maths skills that students will need for their 11+ math exams! In our M1 course we will specialise in helping our students prepare and tackle multiple-choice style papers, through fully tailored group lessons and stimulating practice sessions in addressing; exam time-management, question interpretation skills and mathematical fluency.

Our professional tutors excel in teaching the tricks and skills to smoothly conquer any type of questions they may face! We have designed our invigorating course to help our students build a confidence and drive, to look positively on their upcoming exams and with our proven track record, our students have thrived from our teaching and our in-house M1 course materials to confidently and fluently prepare for their 1st round of exams and have thus far only shown amazing results!

- The order of the classes will depend on the group your child is in.
- Individual schedules will be provided after final registration.
- Please find the details of the discount prices on the back.

- This is an example timetable, if five subjects chosen.

## Y5 Summer Intensive Course | **Discounted Prices**

(In person & online)

**Save up to 15% by registering for multiple subjects.**

See more details as below:

Those registering for 3 subjects or more are eligible for discounts.

### **In person**

5 subjects	15% discount (e.g. £1900 → £1615)
4 subjects	10% discount (e.g. £1520 → £1368)
3 subjects	5% discount (e.g. £1140 → £1083)

### **Online:** Maximum 2 classes only

5 subjects	15% discount (e.g. £1800 → £1530)
4 subjects	10% discount (e.g. £1440 → £1296)
3 subjects	5% discount (e.g. £1080 → £1026)

If you enroll for only 1 or 2 subjects, your place will be subject to availability. In these circumstances, we cannot guarantee a place.

- VR & NVR count as a single subject for discount purposes. For example: a student registering for Maths and VR & NVR has enrolled for 2 subjects so will not receive a discount.
- Initial registration should be completed by **21 June 2024** with the deposit of £350 and the final registration should be completed by **19 July 2024** with full payment. To guarantee a place, please complete the final registration as early as possible.
- Please note that, in case of absence or cancellation during the Summer course, we cannot give refunds or reschedule the registered classes under any circumstances.
- The earliest start time will be 9am, though individual students may start later depending on their timetables.
- Individual schedules will be provided after the final registration.
- For more information, please contact us on 020 8241 6644 or 07538 115251.

# 2024 Y5 Summer Intensive Course Registration Form

In order to prepare properly, we need to find out the number of students intending to take the course. Accordingly, we are implementing a two-staged registration process as below:

**1. First registration** (if you enroll for more than 3 subjects): Please submit the 1<sup>st</sup> registration form with a deposit of £350 by 21 June 2024. Unless the 1<sup>st</sup> registration is made, a place will not be guaranteed.

**2. Final registration should be completed by 19 July 2024 with full payment.**

Please note that this is the deadline, but we may fill up earlier than 19 July 2024.

To guarantee a place, please complete the final registration as early as possible.

- If you want to enroll for only 1 or 2 subjects, please submit the 1<sup>st</sup> registration form without a deposit. The final enrolment will be subject to availability. (In these circumstances, we cannot guarantee a place.)
- Please note that, in case of cancellation, the deposit will not be refunded under any circumstances.
- Cheques are payable to 'Alpha Tutoring Ltd', or, to pay through internet banking, please use Santander Bank, 09-01-29, A/C 16380585, A/C name: Alpha Tutoring Ltd.
- Please put the pupil's full name for your payment reference.
- If you agree on the contents above and want to register for our course, please submit the form below to the office by **21 June 2024**.
